PROFESSIONAL SUMMARY

IT graduate (BSIT 2026) with hands-on experience in full-stack web development and network infrastructure. Built production-ready web applications using Laravel, PHP, and MySQL during academic projects, and completed a 300-hour OJT at REDBERG Corp (PLDT) configuring LAN/WAN networks and providing technical support. Eager to contribute as a Junior Developer or IT Support professional in a team that values practical problem-solving and continuous learning.

TECHNICAL SKILLS

Languages: PHP, JavaScript, HTML, CSS

Frameworks: Laravel, Bootstrap, Tailwind CSS, React, Typescript

Database: MySQL — Schema Design, CRUD

Tools: GitHub, VS Code, MS Office, Canva, Netlify

Networking: LAN/WAN configuration, Router setup, Subscriber validation

PROJECTS

Personal Professional Portfolio

2026

TypeScript · React · Tailwind CSS · Netlify · JavaScript

- ▶ Created a personal website to showcase my technical skills, projects, and resume in one place.
- ▶ Built the front-end using React and TypeScript to learn how to create interactive web pages.
- ▶ Used Tailwind CSS to make the design look clean and professional on both mobile and desktop.

Travel & Tours HR Management System (Capstone)

2025 – 2026

Laravel · MySQL · Bootstrap · Tailwind · JavaScript

- ▶ Designed and built a full-stack HR platform featuring claim reimbursement, employee records, and an admin dashboard
- ▶ Architected a normalized relational database schema and implemented back-end business logic using Laravel MVC
- ▶ Implemented role-based access control (RBAC) to differentiate admin, HR, and employee permissions

TNVS Financial System

2024 – 2025

PHP · MySQL · Bootstrap · HTML · CSS · Javascript

- ▶ Built an earnings dashboard and account management system for transport network vehicle operators
- ▶ Implemented full CRUD operations, user authentication, and dynamic data reporting with PHP and MySQL

WORK EXPERIENCE

Network Installation & Tech Support Intern · REDBERG Corp (PLDT) · Caloocan

2025 – 2026

- ▶ Configured LAN/WAN infrastructure and resolved network issues for business clients — 300 hrs OJT
- ▶ Performed on-site troubleshooting and subscriber validation, ensuring stable internet connectivity

Electronics Repair Technician · DOYS K Electronic Repair Shop · Quiapo

2019 – 2020

- ▶ Diagnosed and repaired customer electronics with a focus on accuracy and fast turnaround

Computer Technician · Artnetworkz Internet Cafe · Quezon City

2017 – 2019

- ▶ Maintained and troubleshoot PCs for daily operations; developed strong hardware problem-solving skills
